Date: Monday, September 9, 2024 at 10:07 AM PDT

Hello Ted ~

Thank you for leading the neighborhood agenda with this September meeting. Good to have a presentation and questions for the Police Liaison attending.

We are unable to be at the meeting on Tuesday. evening.

Will this session be recorded to view afterwards?

We have questions and experiences regarding shut bathrooms at Monroe Park.

Our neighborhood, particularly in the alleys, has become the replacement depository for toileting and endless personal gear, as you know.

Question: Can the Porta Potties at the park be brought back?

Campers' leftovers have become a regular hazard to people and pets. Cary has been picking up piles of garbage, toileting, camping gear repeatedly from our alley.

Question: Are there City of Eugene services to contact to pick up the hazardous waste and the human waste left in the open?

Question: How do neighbors unite to fix this distressing situation in our midst?

Question: Does the Presenter have recommendations for us about how to best engage with the nomadic people?

Thank you for including our questions at the Tuesday meeting.

Sincerely

Joanie Kleban and Cary Thompson

One block west of Monroe Park
